

THIS WEEK'S CREATION MOMENT

Were You Once a Fish?

"Who changed the truth of God into a lie, and worshipped and served the creature more than the Creator, who is blessed for ever. Amen." - Romans 1:25

In 1866, a German scientist and strong supporter of Darwin, Ernst Haeckel, got into trouble. He had supposedly shown that embryos go through the earlier

evolutionary stages of their species. The scientific community investigated his so-called discovery and found that he had faked his drawings. Sadly, some textbooks today still present this fake evidence in support of evolution.

One of the most widely used "evidences" used to support this idea still today, is the claim that the developing human fetus has "gill slits" at one point in its development. The truth is, the developing fetus has folds of skin around its neck that contain the developing organs found in the neck. These folds have nothing in common with gills.

While no scientist today accepts this theory – and it is even refuted in most encyclopedias – it can still be found in some high school textbooks! Why? It would seem that few scientists have the courage to challenge this idea, which they know is wrong because it might make them appear to oppose evolution. But even worse is that this anti-scientific idea continues to be used as a "scientific" justification for abortion. Yes, a wrong view on origins can result in some disastrous "science" as well as human suffering.

Vacation Bible School 2026 has ended! We had such an amazing opportunity to declare the Glory and Blessings of our God to our community.

In a battle for the truth between God’s Holy Word and a scoffing world that has sown the seeds of doubt, fear, and anxiety in children today, we used Psalm 23 to equip this anxious generation with the hope of peace with God now and an eternal future in Jesus Christ.

Please pray for all who attended, that the truths they heard will settle deep within their hearts and that they will continue to seek the Lord while He may be found, and that their families may be stirred to seek salvation in Jesus Christ!

Thank you to all who made this year such a blessing!
